HOW TO MAKE EMERGENCY CALLS

IN AN EMERGENCY, dial the Operator and say:

"I want to report a FIRE."
"I want a POLICEMAN."
"I want the COAST GUARD."
"I want an AMBULANCE."

If you cannot stay at the telephone, tell the Operator where help is needed.

HOW TO GET THE BEST USE OUT OF YOUR TELEPHONE

Before calling – Be sure you have the correct number and refer to it when calling. (Jot it down in your personal numbers booklet for reference. The Business Office will send you this handy booklet upon request.)

Burring sounds at slow, regular intervals indicate that the telephone you are calling is being rung. Allow a reasonable time – at least a minute (10 rings) – for the person you are calling to answer.

If you hear a persistent series of buzzing sounds interrupted by clicks, it means that the called telephone is busy or that somebody else is using the party line. When you hear this, you should replace the receiver. Wait about three minutes and try again.

If you reach the wrong number, report the details immediately to your Operator. Do this at once to avoid being charged for the call. Also, if you can, give her the name of the central office you reached by mistake.

If you are cut off, report this promptly to your Operator so we can properly adjust the charge for the call.

When your telephone rings, a prompt answer may prevent the loss of an incoming call.

If you wish to call back the Operator during the progress of a call which she is handling, move the receiver hook up and down SLOWLY until she answers.

When you are through with your call, be sure the receiver is replaced properly so your telephone can be rung on the next call.

DIAL TELEPHONES

First – lift the receiver and listen for the dial tone – a steady humming sound. Do not dial before you hear it. (If you do not hear the dial tone within a reasonable time, hang up, wait a few seconds, and try again.)

Then dial the number. For example, to call COney Island 6-9970:

Place your finger in the opening for the letter "C," then turn the dial until your finger *firmly* strikes the finger stop.

Take your finger out and let the dial return freely until it stops.

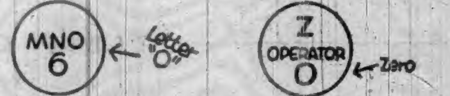
In the same fashion, dial the letter "O," followed by the five numerals 6 9970.

To dial a number with a party line letter, dial the letter also. For example, CO 6 9970 J.

When connected with another telephone, do not turn the dial. If you do the connection may be broken.

Between calls replace the receiver for a few se[illegible] then pick it up and wait for the dial tone before making the next call.

If you make an error when dialing, or your finger slips, hang up for a moment, lift the receiver and wait for the dial tone, then dial the complete number again. On each pull of the dial be sure your finger *firmly* strikes the finger stop. Be careful to distinguish between the letter "O" and the zero. The letters are used to dial only the first two letters of the office name and party line letter, if any.



If you have trouble in dialing, dial Operator (zero). She will be glad to help you.

Knowing your dialing area is important. Individual and two-party users should dial calls to Metropolitan Service Area points. (See page 5).

Dialing another party on your line. If you know that the number you wish to call is another party on your line, dial the Operator, give her your number and the number you wish to call, stating it is another party on your line. Hang up and when the other party has had time to answer, lift your receiver.

TOLL CALLS AND TYPICAL RATES

Toll calls are those made to places outside the Metropolitan Service Area

(see pages 4 and 5 for calls you wish to make within the Metropolitan Service Area)

PLACE YOUR CALLS BY NUMBER IS TWICE AS FAST

To help you make your telephone calls by number, use the personal numbers booklet which our Business Office will supply to you free of charge. Use this booklet to record frequently called or important out-of-town numbers as well as local numbers.

STATION-TO-STATION CALLS – If you will talk with anyone who answers the called telephone, this is the kind of a call to make. Station-to-station calls are handled more rapidly than person-to-person toll calls and are charged for at the lowest rate. Charges begin when the called telephone or switchboard answers. Dial the Operator and give her the city, state and telephone number you are calling. If you don't know the number, give the Operator the name and address you're calling and say you'll speak to anyone at that number. For example, say, "St. Louis, Missouri, anyone at Read and Co., 2100 Broad Street."

PERSON-TO-PERSON CALLS – To place a person-to-person call, dial 211 for Long Distance and be ready to give the city, state and person you're calling and the telephone number, if you know it. Make use of this kind of call if you wish to talk with a particular person or be connected with a specific department or switchboard extension. Rates are higher than for station-to-station calls. However, charges do not begin until the conversation with the designated party starts.

COLLECT CALLS – If you want the charges for either a station-to-station or person-to-person toll call to be put on the bill of the called party call Long Distance – dial 211 – and tell the Operator that the call is a "Collect Call." If the called party agrees to accept the charges, you will be connected. Collect calls cost no more than other toll calls, except in the case of station-to-station calls having a basic charge of 25¢ or less. On all calls, the time at the calling point governs the charge. Collect calls cannot be made to ships at sea or to points outside the United States except Alaska, Canada, Cuba, Guam, Hawaii, Korea, Okinawa and Puerto Rico.

OVERSEAS CALLS – Calls to practically all the world's telephones and certain ships at sea can be made from your telephone. For information concerning this service call Long Distance – dial 211.

Some typical weekday rates for a three-minute call are: to Bermuda, $6.00; to Bahamas, Puerto Rico and Virgin Islands, $7.50; to Colombia, Hawaii and Venezuela, $9.00; and to Argentina, Australia, Denmark, Italy, The United Kingdom and the U.S.S.R., $12.00. Reduced rates apply on calls to many countries during certain night hours and on Sunday.

SOME TYPICAL TOLL RATES FROM DOWNTOWN BROOKLYN

Station-to-station rates of 25 cents or less are for 4 minutes. Other rates are for 3 minutes. Night and Sunday rates are in effect from 6 p.m. to 4:30 a.m. and all day Sunday. The time at the calling point governs the application of these rates.

A federal excise tax applies to the above rates. For calls totaling 20¢ or less the tax is 15%; for calls totaling 25¢ or more the tax is 25%. From coin telephones there is no tax on calls totaling 20¢ or less; on calls totaling 25¢ or over the tax is 15% computed to the nearest multiple of 5¢.

FOR RATES ON CALLS WITHIN THE METROPOLITAN SERVICE AREA, SEE PAGES 4 AND 5

1954

HOW YOUR METROPOLITAN SERVICE AREA CALLS ARE CHARGED

METROPOLITAN SERVICE AREA

The Metropolitan Service Area comprises New York City, southern Westchester and most of Nassau County. This area is divided into zones as shown on the map below, and charges for calls made within the area are based on the zoning.

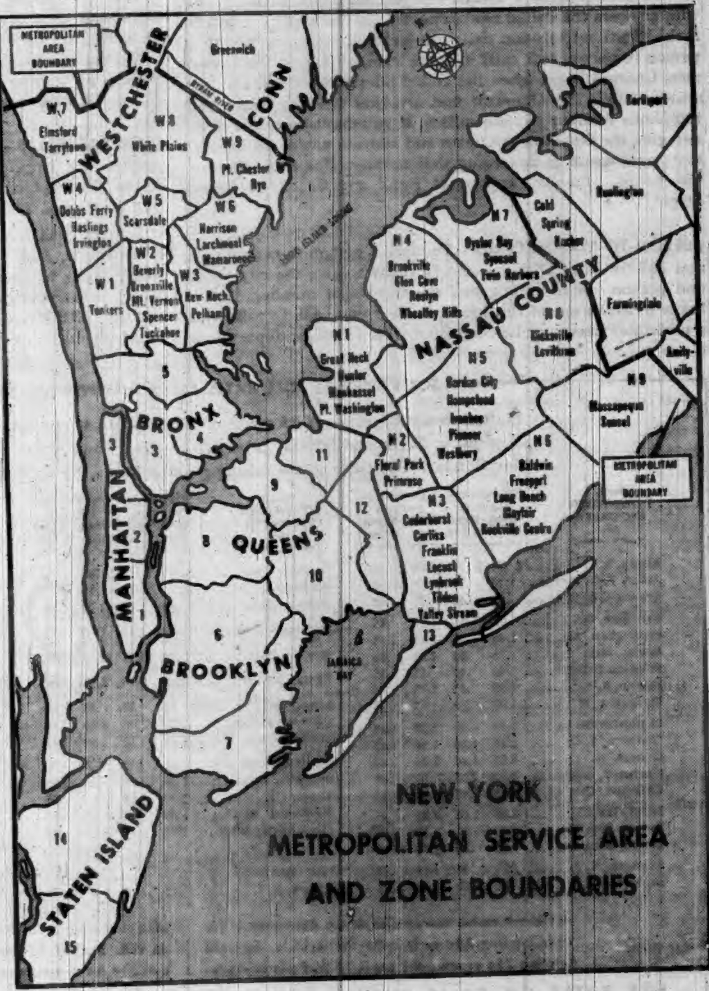
Customers sometimes ask us why their calls within the Metropolitan Service Area are not itemized on their bills. When the Metropolitan Service Area was introduced in 1950, message unit billing was a necessary part of the plan. This method of billing eliminated costly clerical and billing operations on millions of low-cost telephone calls. The economies which resulted from this billing method have helped us to keep down the level of telephone charges and permitted a reduction in rates of from 5 to 20 cents on calls between many Metropolitan Service Area points. That's how we were able to keep the price of your telephone service low in comparison with almost everything else you buy.

* * *

Completed calls between points within the Metropolitan Service Area are billed for the initial period at the rate of 1 to 6 message units per call depending on the distance between zones. An additional charge applies on calls of more than 5 minutes, as shown under overtime charges on page 5. Your monthly local service charge includes an allowance of message units (75 for an individual telephone and 60 for a 2-party residence telephone) for outgoing calls. Any message units in addition to the number allowed appear as a single item on your bill and are charged on a downward sliding scale, starting at 5¢ each.

* * *

No charge is made for service calls to the telephone company listed in this directory or for calls not completed because of a "line busy," a "don't answer" condition or for any other reason. If you get a wrong number, dial Operator and report the matter to her, giving the name of the central office you reached. If you get a "busy" or "don't answer," try the call again in a few minutes.



NEW YORK METROPOLITAN SERVICE AREA AND ZONE BOUNDARIES

CENTRAL OFFICES THAT CAN BE DIALED DIRECTLY

Dial all calls to central offices in the Metropolitan Service Area shown in the table below except dial "Operator" for calls from central offices in zone 7 to ELmsford 6, POrt Chester 5, RYe 7, TArrytown 4 and WHite Plains 6, 8, 9.

DETERMINING MESSAGE UNITS FOR CALLS FROM BROOKLYN TO POINTS IN THE METROPOLITAN SERVICE AREA

1. From the table above, determine the zones in which the telephone you are using and the one you are calling are located.
2. From the table below, determine the number of message units which apply on station-to-station calls for the initial period.

MESSAGE UNITS PER CALL FOR THE INITIAL PERIOD FROM NON-COIN TELEPHONES IN BROOKLYN

FROM BROOKLYN ZONES	TO: NEW YORK CITY ZONES															TO: NASSAU COUNTY ZONES									TO: WESTCHESTER ZONES									FROM BROOKLYN ZONE
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	N1	N2	N3	N4	N5	N6	N7	N8	N9	W1	W2	W3	W4	W5	W6	W7	W8	W9

OVERTIME CHARGES

The initial period on calls within the Metropolitan Service Area is 5 Minutes.

WHERE THE INITIAL PERIOD CHARGE IS	THE OVERTIME CHARGE IS
2 Message Units	1 Message Unit for each additional 3 minutes or fraction
3 or 4 " "	1 " " " " 2 " " "
5 or 6 " "	1 " " " " 1 minute " "

COLLECT AND PERSON-TO-PERSON CALLS

Collect and person-to-person calls within the Metropolitan Service Area are accepted where the station-to-station initial period rate—as shown in the table above—is three or more message units. The charges for such calls are equal to the station-to-station rate at 5 cents per message unit plus an added charge of 10 cents per call. These charges are billed separately and are not combined with other message units used. Call Long Distance—dial 211—for these calls.

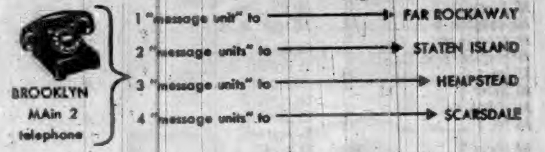
YOUR TELEPHONE BILL

Listed below is an explanation of the lines as they appear on your regular monthly telephone bill.

1. "MESSAGE-RATE SERVICE." This is the basic monthly charge for your telephone service and includes your message unit allowance (75 for an individual telephone and 60 for a 2-party residence telephone) and any additional equipment you may have, such as an extension telephone. This charge is billed in advance.

2. "ADDITIONAL MESSAGE UNITS." Completed calls are counted as message units when made to places within the Metropolitan Service Area. Charges for message units in excess of the number allowed appear on this line. The message units charged for calls are shown on page 5.

The total number of message units charged for a particular call depends on both the place called and how long you talk. For example, from a message-rate telephone in Brooklyn typical message unit charges are:



The number of message units for each call in the diagram above and for another message unit call is for an initial period of 5 minutes. Extra units are charged for longer conversations, as follows:

WHERE THE INITIAL PERIOD IS:	THE OVERTIME CHARGE IS:
2 Message Units	1 Message Unit for Each Additional 3 Minutes or Fraction
3 or 4 Message Units	1 Message Unit for Each Additional 2 Minutes or Fraction
5 or 6 Message Units	1 Message Unit for Each Additional 1 Minute or Fraction

The number of message units shown on the second line of your bill does not represent the actual number of calls made but rather the number of message units charged for such calls. Message unit calls are not itemized on your bill. To list separately the millions of message unit calls made each month would be a very expensive procedure. Our method of billing message units is accurate and economical. It helps to keep down the cost to you of your telephone service.

3. "TOLL CALLS AND TELEGRAMS." The charge for any of these services used is itemized on a separate statement enclosed with your bill.

4. "OTHER CHARGES OR CREDITS." Any amount shown on this line is explained on a statement which is enclosed with your bill.

5. "BALANCE FROM LAST BILL." This is any unpaid amount carried over from your previous bill or received too late to be credited to your current bill.

"TAXES." Your telephone bill is subject to the following excise taxes: *federal* – 15% on the basic monthly charge, on charges for message units and on toll calls totaling 20¢ or less; 25% on toll calls totaling 25¢ or more; *New York City sales tax* – 3% on the basic monthly charge and/on message unit charges.

BILL PAYMENTS

Telephone bills are rendered once a month and are due when received. Payments within 15 days will be appreciated, but should this be inconvenient our Business Office will make every reasonable effort to arrange a more convenient payment date.

PAYING BY MAIL – Please return the bill stub with payment. If the stub has been mislaid, please write your telephone number on the check. If you have mislaid the return envelope, mail your payment to our office nearest to you as shown under Addresses of Business Offices on the opposite page.

PAYING IN PERSON – Please bring the *bill and bill stub* to any of the Business Offices or payment locations listed.

BUSINESS TRANSACTIONS

YOUR BUSINESS OFFICE REPRESENTATIVE—Your account is handled by a representative at the Business Office who will arrange for new or additional telephone service, move or disconnection of service, listings in the alphabetical directory and will answer questions about your bill or payment arrangements. She will also furnish information on other telephone matters and will help you in any service difficulty which has not been handled to your satisfaction.

The Business Offices are open from 9 to 5 Monday through Friday (closed Saturdays, Sundays and holidays). To reach the Business Office that serves the telephone you are using, dial 811.

To call other Business Offices in Brooklyn, consult the list of Business Office Telephone Numbers on this page. For information regarding Business Offices outside of this area, call any Business Office. For transactions involving Directory Advertising Accounts, call EXchange 0-1212.

The Business Office Supervisor will assist in any matter you may feel has not been disposed of properly.

Should you desire to transact business in person, see the list on this page for the address most convenient to you.

If, outside of hours shown above, an emergency arises which requires immediate establishment of service, ask the Operator for COrtlandt 7-Official 34.

SPECIAL SERVICES FOR YOUR CONVENIENCE

IF YOU ARE PLANNING TO MOVE

First find out if telephone service can be provided without delay at your new residence or business establishment. Ask our Business Office.

Providing new telephone equipment is a complex job and takes time. Orders for moving existing service or installing new service are handled as soon as possible. While there are some delays in a few areas, every effort is made to provide facilities quickly.

Orders which cannot be filled promptly are carefully listed according to dates of receipt, and applicants notified just as soon as their turn is reached.

PERSONAL NUMBERS BOOKLETS

The quickest, easiest way to refer to telephone numbers you call frequently is to have them in your own personal list. We have two attractive indexed booklets for just this purpose — designed after we had asked thousands of telephone users what kind they would like. For pocket or handbag — 2⅝" x 4" — with space for 210 names, addresses, telephone numbers and memoranda. For home or office — 4¾" x 7⅛" — with space for 360 names, addresses and telephone numbers. There is no charge for either booklet. Just call the Business Office — dial 811.

TIME AND WEATHER FORECAST CALLS

Time-of-Day Information	Dial MEridian 7-1212
Weather Forecast	Dial WEather 6-1212

Charge from non-coin telephones	1 message unit.
Charge from coin telephones	10 cents.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company following instructions shown under the listings of that company in this directory. The telegraph charges will appear on your telephone bill. You may also telephone your telegrams from coin telephones, paying as you would for a telephone call.

PUBLIC TELEPHONES

Telephone service is provided at accessible locations for your convenience when you are away from your home or your place of business.

Calls can be made from public telephones to any place reachable by any other type of telephone service. Instructions as to the use of public telephones are displayed on or near each instrument.

Public telephones are coin operated and require the deposit of change.

"BEEP" TONE TELLS WHEN TELEPHONE CONVERSATION IS BEING RECORDED

A short high-pitched "beep" tone heard on the telephone line about every 15 seconds means that the person with whom you are talking is recording your conversation by means of his electrical recording machine connected to the telephone line.

This signal is provided by the telephone company for your protection. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects his recorder, the signal is no longer heard. Use of a recorder without this signal is unlawful.

CUSTOMER SERVICE BUREAU

The telephone company maintains a Customer Service Bureau whose sole job is helping business people to make more effective use of their telephone service. Its services are available to you without charge. Call the Business Office — dial 811 — and ask that a representative visit you.

EXTENSION TELEPHONES

Extension telephones help you get more from your telephone service. Either portable or stationary, these instruments can be installed in the home or the office for only a few cents a day.

EMPLOYEE IDENTIFICATION

Every employee of the telephone company authorized to install, inspect, repair or remove the company's apparatus carries a card showing the company's name and the employee's number and photograph. Other telephone employees also carry suitable identification. We suggest that customers refuse access to their premises to anyone who represents himself as from this company, but who cannot so identify himself.

ATTACHMENTS TO TELEPHONES

In the interest of good service please avoid the use of attachments or devices on your telephone instrument other than equipment furnished by the telephone company. Many of the devices offered for sale which are claimed to improve the service actually interfere with the service. The telephone company reserves the right to remove unauthorized equipment or devices. Where standard equipment does not meet any particular need, the company is ready to furnish special equipment at reasonable rates.

YOUR TELEPHONE DIRECTORY

Every customer in Brooklyn receives a copy of this directory. Directories are also available without charge for other nearby points. To give these books to all customers would be an inconvenience to most of you. In cases where they are needed, they are furnished on request.

This directory is and remains the property of the telephone company. Please return or dispose of your old book when a new one is delivered. You will thereby avoid the possibility of calling wrong numbers through reference to an out-of-date directory. If your directory becomes lost or badly worn, it will be replaced free of charge if you call the Business Office.

OUT-OF-TOWN DIRECTORIES

A large library of out-of-town telephone directories covering most cities and towns in the United States and Canada can be consulted at the following locations:

New York Public Library
5th Ave. and 42nd Street, New York, N. Y.

Brooklyn Public Library, (business reference branch)
197 Montague Street, Brooklyn, N. Y.

Queensborough Public Library,
89-17 Parsons Blvd., Jamaica, N. Y.

A more limited number of out-of-town telephone directories can be consulted at the following locations:

Railway, bus and airline terminals.

New York Telephone Company
Business Offices.

Attended public telephone locations including A. T. & T. Co., 195 Broadway, New York City.

INFORMATION SERVICE

To find a telephone number you do not know or remember, look first in your telephone directory. You will find most of the local numbers you are likely to call listed there. Always keep the directory near your telephone.

If the number you want is not in your directory or personal numbers booklet call Information — dial 411 — for it. Then be sure to note it in your personal numbers booklet to save making a second call to Information in the future. Remember, also, that it pays to keep a list of the out-of-town numbers you call frequently, because you save time when you call by number.

You may frequently call many different numbers in New York City and suburban communities and need other directories. If so, will you please call our Business Office and we will be glad to help you.

DISPLAYING TELEPHONE NUMBERS

It will be a convenience to those who call you if you will print in full your telephone number on advertising material and stationery just as you do your street address. For example, COney Island 6-9970.

While we cannot guarantee any number will be permanent, no numbers will be changed unless the needs of the telephone system make it essential to do so. When a number is changed, as much advance notice as possible is given.

ADDITIONAL DIRECTORY LISTINGS

Many telephone users take additional listings so that their telephone numbers will be listed in other places in our directories where people may look for them.

Following are some types of additional directory listings that are frequently needed and which are available at a small charge:

Additional residence listing — For other members of the customer's household, especially those with different surnames.

Additional business listing — For the man who needs his own name in the directory, in addition to his firm's name.

Alternate call listing — For people who desire to have their calls answered at another telephone when they are away.

After-hours listing — To give information where to call after hours and on Sundays and holidays.

Additional listings in the alphabetical directory may be secured by calling the Business Office.

For additional listings in the classified directory, call the Business Office or communicate with our sole authorized directory advertising representative: The R. H. Donnelley Corp., 350 Broadway, N. Y. 13, N. Y., DIgby 9-1050.

MAKING USE OF THE CLASSIFIED DIRECTORY

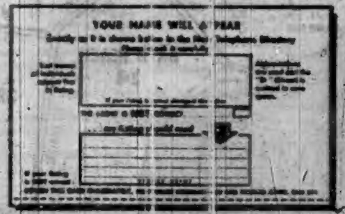
Find what you need *fast . . . easily . . . nearby* in the YELLOW PAGES of your Brooklyn classified telephone directory. Listed there are business and professional people by type of product or service provided. You will find these Yellow Pages convenient and handy to use to find "Who Sells It," "Who Services It" or "Who Can Do It."

DIRECTORY ACCURACY

We have prepared your telephone directory with extreme care, so that it will be as accurate and useful as possible.

Despite time, skill and effort, however, there are occasions when an error creeps in which our records cannot detect. We need your cooperation in these cases. Will you please notify us of any error so that we can give the change to the information operators and can make the correction in future directories.

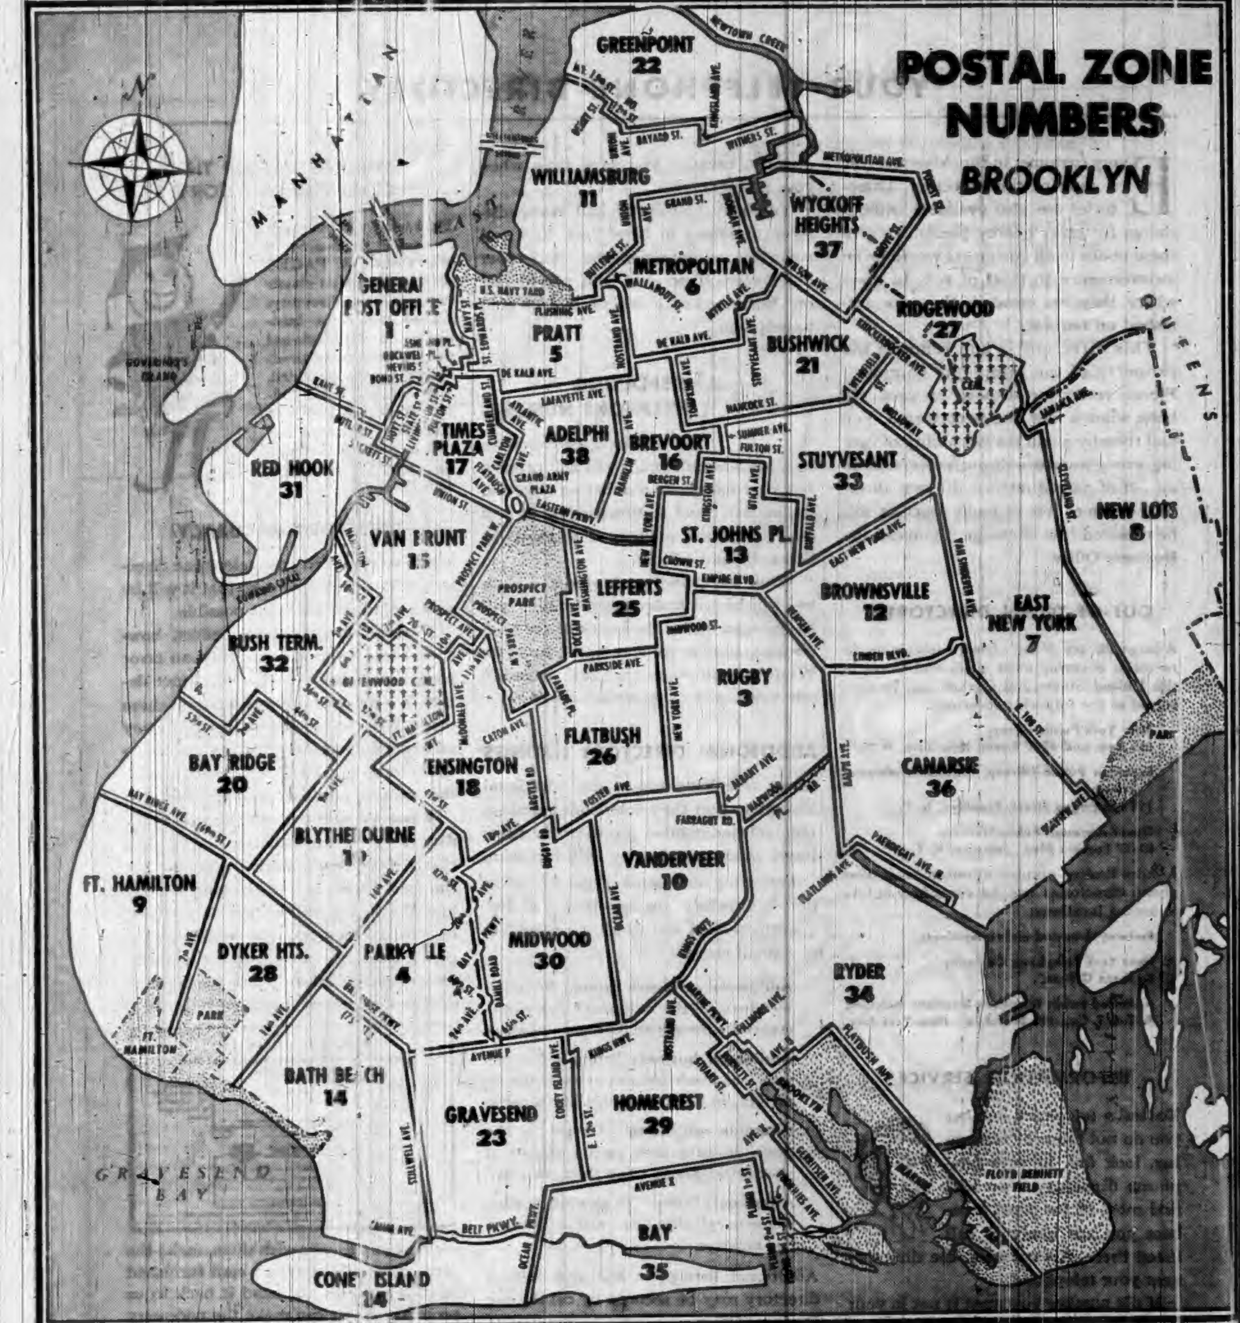
When a new listing is to appear in the directory or an existing listing has changed, you will receive a notice like the one listed below showing exactly how the listing will appear in the new directory. When you receive such a card, please check the name, address and telephone number carefully and the business designation, where it is involved, and if they are not as you wish them, make the corrections on the return card furnished for this purpose and send it back to us promptly so we can make the necessary corrections. No postage is necessary. You will note we use abbreviations and omit "St." (street) from the address, to give you a smaller book.



YOUR NAME WILL APPEAR

In addition, it would be a good idea to check your listing whenever you get a new book.

1954



Mail matter is not completely addressed unless the number of the Postal Zone forms a part of the address. The Postal Zone Number must follow "Brooklyn" and precede "N. Y.", as shown below:

Mr. Frank E. Smith
271 Washington Street
Brooklyn 1, N. Y.

Please address clearly; do not abbreviate; put name and address of sender on all mail.

If you cannot determine the Postal Zone Number of a given address by referring to the Postal Zone Map above, check with your Postman or call MAin 4-1000, Extension 250. We will supply, without charge, the correct Postal Zone Number for each person on your mailing list for Brooklyn, N. Y.

EDWARD J. QUIGLEY, *Postmaster*

For POSTAL RATES see page 6 of the CLASSIFIED DIRECTORY

OIL and WATER

Oil and water don't mix. Neither do telephone cords and water. A wet cord can put your telephone out of order. So please keep your cord away from sinks, valves, steam, potted plants and other places where water is likely to get on it.
